5. Cooperation with other regional initiatives and partners strengthened	5.1 Support and cooperation within the European Coalition of RRIs	<i>Completed Outcome:</i> Supporting documents, joint event prepared for Ramsar COP15 (financial contribution provided)	Documents, meeting reports; consultations within the RRIs, video presentation on activities of the CWI	E-mail communication; annual meeting of the RRIs with Ramsar Secretariat, RRI documentation and information on the web:	Goal 4: Enhancing Implementation
	5.2 Consultations with DAN-UBEPARKS and Danube Wild Islands RRI	<i>Completed Outcome:</i> Supporting documents, consultations with DAN-UBEPARKS, meetings,	Consultations and exchange of information and knowledge	Information on the web sites	
	5.3 Initiation, reinforcement and/or formalization of cooperation with partner organizations	<i>Completed Outcomes:</i> Communication with partner organizations	Letters, documents	Documentation, report	

6. Operation and governance of the CWI reinforced	6.1 Communication and consultations with the Secretariat of the Carpathian Convention, CNPA Steering Committee, members, SNCSR and partners on establishment of the CWI association	<i>Partly completed</i> <i>Outcome:</i> Communication process	Informal consultations with the CNPA chair, CC Secretariat and the Ramsar Convention secretariat;		Goal 4: Enhancing Implementation
	6.2 Review of the CWI Terms of Reference according to the new Operational Guidelines for RRLs	<i>Not completed</i> Revision of the ToR postponed due to unfinished transformation process and continued discussions on the governance	Decision COP7/9 Conservation and sustainable use of biological and landscape diversity	<a href="http://www.carpathianconvention.org/cop7/docs/officialdocuments/CC_COP7_DOC3_COP7%20DECISIONS_ADOPTED.pdf">http://www.carpathianconvention.org/cop7/docs/officialdocuments/CC_COP7_DOC3_COP7%20DECISIONS_ADOPTED.pdf</a>	
	6.3 Operation of the Carpathian Wetland Centre, CWI coordination, fundraising, meeting of CWI Board members	<i>Completed</i> <i>Outcomes:</i> Wetland Centre maintained, wetland library supplemented, staff partly supported, CWI Board members regularly contacted and informed; new CWI chair elected, CWI Board address list updated, communication on fundraising with Board members	Report; CWI Board address list; voluntary contribution to the CWI budget by the Ministry of Agriculture, HU and Ministry of Environment, SK; commitments of some ministries	E-mail communication, Information on the web	

### 3. Key achievements / results during year 2025

- a. Please describe briefly the two or three main achievements / results during year 2025 (max. 200 words).

-International training course and study tour on wetland restoration organized in cooperation with the Czech Ministry of Environment and the Czech Ramsar Committee;  
 - Successful leadership transition and strengthening of CWI governance structures;  
 -Contribution to the RRI side event at Ramsar COP15.

b. For those RRIs receiving funding from the Convention in 2025 if there were changes to the work plan for year 2025, including postponement or delay, please indicate the reasons (max. 200 words).

c. Please describe briefly the two or three main challenges and lessons learned and planned measures to overcome or apply those (max. 200 words).

-Capacities for coordination of the RRI, work overload of focal points in the respective countries and partners with other priorities;  
 -Governance and legal entity of the RRI;  
 -The challenges will be dealt with in further communication and consultations with the Secretariats of the Carpathian and Ramsar Conventions, Steering Committee of the Carpathian Network of Protected Areas, State Nature Conservancy of the Slovak Republic, CWI Board members and partner organisations.

	1.2 Identification and prioritization of invasive alien species and pathways of their introduction and expansion, cooperation in preparation of management responses	Draft List of invasive alien species in the Carpathians reviewed	Updated List of IAS in the Carpathians	Information on the web site of the Carpathian Convention and CWI	
2. Ecological networks and integrated management of Ramsar Sites are strengthened	2.1 Cooperation in the development of the ecological network in the Carpathians, contribution to relevant projects on continuity and connectivity of habitats in the region, cooperation and advice in the designation of new Ramsar Sites, extension of existing sites; joint management planning	Workshops and meetings with CC Biodiversity WG and other relevant WGs; RISs and maps developed; trans-boundary RS designation and management facilitated	At least one workshop / meeting; documents on Ramsar Sites	Information on the web site of the Carpathian Convention and CWI	Goal 1: Address and reverse wetland loss and degradation; Goal 2: Achieve the wise use of wetlands; Goal 3: Conserve and manage Wetlands of International Importance effectively; Goal 4: Enhance implementation of the Convention
	2.2 Development of network of Carpathian Ramsar Sites managers	Network of Carpathian Ramsar Sites managers developed and involved in the CWI work	RS managers contacted and involved in the activities	Information on the CWI web site	

	2.3 Cooperation with other networks of protected areas (CNPA, ALPARC, DANUBEPARKS) within existing MoC and with other partners (Wetlands International, EUSDR PA6, EUROPARC, Eurosite, IUCN, CEEweb) in development of new documents and projects	Strategic documents; project drafts consulted and developed	Meetings, meeting reports, project drafts prepared	Information on the web site of the Carpathian Convention, CWI and partners	
3. Wetlands conservation, restoration and maintenance supported	3.1 Initiating wetlands inventory in the Carpathians	Project proposal on wetlands distribution, values in the Carpathians discussed, funding opportunities identified	Project proposal	Project documentation	Goal 1: Address and reverse wetland loss and degradation; Goal 2: Achieve the wise use of wetlands
	3.2 Cooperation with the Secretariat of the Carpathian Convention and Science for the Carpathians in review of the Carpathian Red List of habitats and species and in research and monitoring	Work plan on Red Lists revision and involvement of CWI	Meetings, meeting reports, project draft prepared	Information on the web site of the Carpathian Convention, CWI and partners	
	3.3 Sharing ideas and experience on wetlands restoration planning to harmonise national restoration plans under the EU Nature Restoration Law with a view to wetland habitats and species protected by the Habitats and Birds Directives, as well as to Nature-based Solutions and Ecosystem-based adaptation	Workshops, webinars, conferences and study tours to wetland restoration examples with focus on peatlands conservation, restoration and paludiculture, to emphasize the crucial role of peatlands in climate change adaptation	At least one event facilitated	Information on the CWI web site	

	3.4 Cooperation in preparation of projects aimed at wetland conservation, maintenance, restoration and wise use, climate adaptation and mitigation, search for potential areas to increase the “sponge” capacity of the landscape as a nature-based adaptation to the impacts of climate change	Potential sites for restoration identified; relevant project proposals consulted and developed; approved projects implemented	Project proposals; project activities implemented	Project documentation; project websites	
4. Wetlands conservation, management and wise use mainstreamed through communication, capacity development, education, participation and awareness	4.1 Preparation of publications and promotion of CWI and Carpathian wetlands, communication of CWI activities; maintenance of CWI web site; support of EKOPLAGÁT '26 International Exhibition and Contest; conference on culture and wetlands in cooperation with MoE CZ; involvement to the Carpathian ESD Expert Network	Publications on CWI and the Carpathian wetlands and their functions and services; International exhibition EKOPLAGÁT '26 co-organized and best wetland poster awarded; conference People, Wetlands, Culture organized; web site updated	Updated information on the web	Information on the CWI web site;	Goal 4: Enhance implementation of the Convention
	4.2 Promotion of the World Wetlands Day in the Carpathians	WWD events initiated and promoted	Information of WWD events	Information on the CWI web site	
	4.3 Training and capacity building activities for wetland managers and other stakeholders	Training/course/study trip on wetlands/rivers restoration, free-flowing rivers, fish migration prepared and implemented	At least one training event	Information on the CWI web site	

	4.4 Development of a network of Wetland Cities in the Carpathians - Identification of potential Wetland Cities in the CWI region in coordination with relevant authorities and support to networking and cooperation towards Wetland City Accreditation.	Long-term process towards establishment of a Carpathian network of Wetland Cities initiated; Potential new candidate cities for Wetland City Accreditation identified; Existing Wetland Cities actively involved in knowledge exchange and promotion of wise use of wetlands in urban areas.	List of identified potential Wetland City candidates, number of consultations / exchanges with cities and partners, participation of existing accredited Wetland Cities in CWI activities	CWI reports and meeting notes, email communication, information published on the CWI website	Goal 2: Achieve the wise use of wetlands  Goal 4: Enhance implementation of the Convention
5. Cooperation with other regional initiatives and partners strengthened	5.1 Support and cooperation within the European Coalition of RRIs	Supporting documents, joint events, statements	Documents	Information on the web	Goal 4: Enhance implementation of the Convention
	5.2 Consultations with DANUBEP-ARKS and Danube Wild Islands RRI	Meetings, supporting documents	Documents	Documentation; Information on the web	
	5.3 Initiation, reinforcement and/or formalization of cooperation with partner organizations	Invitation, letters of support and/or agreements with partner organizations	Documents	Documentation	
6. Operation and governance of the CWI reinforced	6.1 Communication and consultations with the Secretariat of the Carpathian Convention, CNPA Steering Committee, members, SNCSR and partners on establishment of the CWI association	Conclusions of the meetings and consultation process	Documents	Documentation	Goal 4: Enhance Implementation of the Convention
	6.2 Review of the CWI Terms of Reference according to the new Operational Guidelines for RRIs	ToR consulted, updated and prepared for adoption at the CCIC and CCCOP8	Document	Information on the web	
	6.3 Operation of the Carpathian Wetland Centre, CWI coordination, fundraising, meeting of CWI Board members	Wetland Centre maintained, wetland library supplemented, staff supported, CWI Board meeting organized	Report	Information on the web

## Explanatory notes

### 1. Terms of reference of RRIs

Following [Resolution XIII.9 paragraph 8](#), RRIs must develop terms of reference, which cover their own rules of procedure, structure, governance, membership, including the status of the Convention Secretariat's participation in the RRI, and which should be consistent with the Resolutions and Recommendations of the Conference of Parties ([Resolution XIII.9](#)). Equivalent documents must cover the same items.

### 2. Eligible for core funding from the Secretariat

Following the Operational Guidelines, financial assistance to an RRI from the core budget is provided for a limited period of time, in principle only for a period corresponding to [Resolution XIII.9 paragraph 8.g](#)).

### 3. Items in activity tables

To fill out the table for undertaken activities and planned activities, please make sure that "Objectives", "Activities", "Results/outcomes", "Verifiable indicators" and "Means of verification / source of information" are consistent with the submitted plan for the year.

- Objectives: Please indicate a specific statement narrating a desired accomplishment or outcome (e.g. to improve capacity of the RRI members in the management of wetlands).
- Results/outcomes: Please indicate whether planned activities are completed or not. If you organized a workshop/seminar/training course, please specify the number of attendees including gender information (e.g. XX trainings were organized, XX people attended (XX women, XX men)). This information will enable assessment of achievements and results.
- Verifiable indicators: Indicators are to measure progress and achievement. Please include indicators to verify to what extent progress is being made towards results/outcomes and how those results/outcomes are achieved (e.g. the number of training courses, the number of publications).
- Means of verification / source of information: Please add means of verification, which show how the information about the indicator can be obtained (e.g. training reports, modules).
- Relevance to the Ramsar Strategic Plan: Please indicate which of the goals of the Ramsar Strategic Plan each of the objectives most contributes to.
